Skeletons Revealed Augusta Rain

As the daughter of a drug-addicted mother and a child-molesting father, author Augusta Rain had the odds stacked against her from the beginning. In *Skeletons Revealed*, she narrates the story of her rocky upbringing and shares events she has kept secret for many years. In this memoir, Rain confronts the skeletons of her past—a young girl's cry for help as she releases her secrets one by one in an effort to stop the cycle of abuse. The youngest of six, she tells how she kept the secrets to protect her family at all costs. *Skeletons Revealed* tells how Rain and her siblings often lived with no food, electricity, or water, and how they endured being battered, drugged, and raped. The true story of a survivor, *Skeletons Revealed* encourages others to gain the courage, break the silence, and speak out and act against abuse. It communicates that there comes a time to take a stand and control your own destiny. You can't control your future unless you make peace with your past.
