Composting For Dummies Cathy Cromell, The National Gardening Association

Back-to-basics gardening that will benefit the earth and your wallet!

Want to use ordinary waste to create an extraordinary garden? Composting lets you turn household food waste, yard clippings, and more into free compost and mulch that's chock-full of nutrients. From building and working with traditional compost bins to starting an indoor worm-composting operation, *Composting For Dummies* makes these often intimidating projects easy, fun, and accessible for anyone!

- Digging into compost basics — get a handle on the benefits of composting and the tools you'll need to get started
- Choosing the best method and location — find the best composting method and location that's right for you, whether it's above ground, in a hole, in a container or bin, or even right in your kitchen
- Building your pile — learn which ingredients can go into your compost pile, what stays out, and how to mix it all up in the right proportions
- Stepping beyond traditional composting — get the lowdown on vermicomposting (letting worms eat your garbage), growing green manures to compost later, and sheet composting in the same spot you plan to plant

Open the book and find:

- A step-by-step guide to composting
- The right gear and tools for the job
- Tips on constructing your own composting containers and bins
- Materials you can safely compost (and those to avoid)
- Cover crops to improve your soil now and compost later
- Recommendations for using your finished compost
- What worms contribute to your compost
- Troubleshooting advice if your compost pile isn't cooperating

Learn to:

- Turn household food waste, yard clippings, and more into nutrient-rich compost
- Build and maintain your own compost bin
- Use worms to aid in composting, both indoors and out
- Give your vegetable and flower gardens a boost of energy

From reader reviews:

Jenifer Bell:

Hey guys, do you want to find a new book to see? Maybe the book with the subject Composting For Dummies suitable to you? The actual book was written by a famous writer in this era. The particular book titled Composting For Dummies is the main of several books which everyone reads now. That book was inspired by lots of people in the world. When you read this book you will enter the new age that you have never known before. The author explained their plan in a simple way, so all of you can easily know the core of this publication. This book will give you a great deal of information about this world now. So you can see the representation of the world with this book.

Karen Schanz:

Reading an e-book tends to be a new life style within this era of globalization. With reading through you can get a lot of information that will give you benefit in your life. With books everyone in this world can easily share their ideas. Books can also inspire a lot of people. Plenty of authors can inspire their own readers with their stories or maybe their experiences. Not only situations that are shared in the guides, but also they write about advantages about something that you need an example of this. How to get a good score on TOEFL, or how to teach children, there are many kinds of books that exist now. The authors on this planet always try to improve their skills in writing, they also do some exploration before they write on their books. One of them is this Composting For Dummies.

Salina Rodriguez:

What is your hobby? Have you heard that question when you got students? We believe that that problem was given by teachers to the students. Many kinds of hobbies, all people have different hobbies. And you also know that little person including reading or as studying become their hobby. You need to know that reading is very important and also books as to be the thing. Books are important things to incorporate your knowledge, except your current teacher or lecturer. You see good news or updates about something by books. Different categories of books that you can take to be your objects. One of them is Niagara Composting For Dummies.

Shelly Sampson:

Reading a publication makes you to get more knowledge from this. You can take knowledge and information from your book. Books are composed or printed or created from each source in which filled with updates of news. In this particular modern era like currently, many ways to get information are available for a person. From media social such as newspaper, magazines, science e-book, encyclopedia, reference book, new and comic. You can add your understanding by that book. Isn't it time to spend your spare time to open your book? Or just seeking the Composting For Dummies when you need it?
