BABY-EGG Pregnancy Countdown Calendar Anita Schneider

First ever 38 LIFE-SIZE illustrations calendar of the unborn developing baby, conception to birth (week by week). ACTUAL SIZE is the main point of this calendar, it is a companion to any pregnancy book and not a pregnancy book in itself. 38 simple outline pencil art drawings showing ACTUAL SIZE of the baby. (not in color) Instead of comparing the size of the unborn child to fruits and vegetables, this is the better answer to one of the most frequently asked questions during pregnancy: "How BIG is the baby?" -The pages are bound by a pink and blue ribbon for use with the BABY EGG wall hook. (Similar to a flip-chart.) - It comes with a purple book ring for desk top use. -Enclosed is a fridge magnet for single page use. -The egg-shaped pages and drawings get larger as the baby grows. -On the back of each page is a reduced size baby with a text bubble: containing positive "NEWS from the WOMB" and changes in development such as thumb sucking , opening of eyes, measurements and more. The individual pages are easily removed if you would like to take it along with you and show the size of your baby to others. Each calendar is hand assembled by a pink and blue ribbon to maintain the cute feel of the original hand made prototype. It is the best present you can give to expecting parents.
