Black Origins of Ancient Greek Civilization

Gert Muller

Black Origins of Ancient Greek Civilization Gert Muller

This book shall explore the evidence for African and Afro-Canaanite formative influences on Crete and mainland Greece. This book differs from Martin Bernal's *Black Athena* in five fundamental ways: 1) Our Egyptians are, as Anu M'Bantu would say, Unmistakably Black! Bernal's are somewhat Black. 2) The main Egyptian players in this study are NOT the Hyksos. 3) This study openly acknowledges and emphasizes the Afro-Canaanite origin of the Phoenicians. 4) It posits SEVEN different Black origins and influences on Greek civilization. 5) It shows, with commentary, 42 colour pictures of obviously influential people of African appearance depicted in the art of ALL the various phases of Greek culture. This book is a must read for all those interested in Black history!
