**Welcome to the future of America. Land of chaos and home of the ambitious...**

A botched assassination on the eve of Election Day throws the routine transfer of presidential authority on its head and shuts down the Federal Government.

With Congress and the Supreme Court locked in a constitutional standoff, rabble-rousing state governors fueling the fire and shadowy opportunists pulling strings, the nation teeters on the verge of a Second Civil War.

As the politicos play their games and lose control, the scourge of 21st century hyper-war is unleashed upon a shattered nation. Fancy speeches aside, the lives of millions will not ride on the politicians and generals, but on the shoulders of the pawns they tossed into the meat grinder.

Pawns like Sergeant Major John Brown, a hard charging paratrooper, who's about as political as a potato, yet incites a second revolution. Or young Sophie Kampbell, a social justice crusader, who despises violence in every form until tragedy shoves her into the arms of the mysterious "Freedom Brigade" militias.

Power Games is the first installment in the epic *Operation: Enduring Unity* military thriller series. If you like *Red Storm Rising* by Tom Clancy or *Red Phoenix* by Larry Bond, then you'll love this explosive adventure packed with constant thrills, twists and high stakes from cover to cover.
