Supply Chain Security [2 volumes]: International Practices and Innovations in Moving Goods Safely and Efficiently (Praeger Security International) Andrew R. Thomas

With more and more enterprises managing supply operations that reach farther and farther from headquarters, *Supply Chain Security: International Practices and Innovations in Moving Goods Safely and Efficiently* could not be more timely or well-targeted. This comprehensive two-volume set is the first look at the present and future of supply chain management, and the full range of threats to supply chain security.

Each volume of *Supply Chain Security* focuses on a specific area: the first explores the historic context and current operational environment in which supply chain security must function. Volume Two is a look at emerging issues that includes proven, innovative steps companies and governments can take to counter the inherent risks of moving goods and people more safely and efficiently. Reflecting its subject, this resource is truly global in perspective, with contributions from 18 countries and over two-thirds of its contributors from outside the United States. No company that does business internationally should be without this essential resource.
