Future Directions in Postal Reform (Topics in Regulatory Economics and Policy)

Future Directions in Postal Reform (Topics in Regulatory Economics and Policy)

Future Directions in Postal Reform brings together leading practitioners, world-wide postal administrations, and the courier industry, as well as a number of regulators, academic economists, mailers, and lawyers, to examine some of the major policy and regulatory issues facing the postal and delivery industry. Issues addressed include international postal policy; the universal service obligation; regulation; competition, entry, and the role of scale and scope economies; the nature and role of cost analysis in postal service; productivity; interaction of law and economics; and future technologies and service standards.
