**The Human Record: Sources of Global History, Volume I: To 1700** Alfred J. Andrea, James H. Overfield  
Unlike some other world history texts that center on the West, The Human Record provides balanced coverage of the global past. The book features both written and artifactual sources that are placed in their full historical contexts through introductory essays, footnotes, and focus questions. The text sheds light on the experiences of women and non-elite groups while maintaining overall balance and a focus on the major patterns of global historical developments through the ages.
