The Global and the Intimate: Feminism in Our Time (Gender and Culture Series)

The Global and the Intimate: Feminism in Our Time (Gender and Culture Series)

By placing the global and the intimate in near relation, sixteen essays by prominent feminist scholars and authors forge a distinctively feminist approach to questions of transnational relations, economic development, and intercultural exchange. This pairing enables personal modes of writing and engagement with globalization debates and forges a definition of justice keyed to the specificity of time, place, and feeling. Writing from multiple disciplinary and geographical perspectives, the contributors participate in a long-standing feminist tradition of upending spatial hierarchies and making theory out of the practices of everyday life.
