**The Frankenstein Film Sourcebook: (Bibliographies and Indexes in Popular Culture)** Caroline Picart, Frank Smoot, Jayne Blodgett

The endurance of the Frankenstein narrative as a modern cinematic myth is undeniable. Its flexibility has produced classic and contemporary horror film-most notably the Universal films of the thirties-but it has also resulted in unusual hybrids, such as musical horror-comedy (*The Rocky Horror Picture Show*), hyperbolic parody (*Flesh for Frankenstein*), and science fiction (the *Alien* and *Terminator* series). This sourcebook provides a complete guide to all of the story's filmic incarnations-including essential information such as cast, creative personnel, and plot summaries-and also guides the reader to relevant primary texts such as scripts, posters, production histories, and newspaper clippings. Utilizing an approach that is both popular and scholarly, and including spotlight essays that deal with contemporary academic approaches to the subject, *The Frankenstein Film Sourcebook* reveals the depth of the cinematic range of interpretations of a classic modern myth.

Comprehensive in its scope, *The Frankenstein Film Sourcebook* provides an alphabetical guide to two hundred films that incorporate the Frankenstein narrative. It also delves into both primary and secondary perspectives and includes discussions of aspects of the films, such as their depiction of women, which is relevant to current scholarly critiques.
