The imperial throne has been claimed by a false emperor - the Sun Dragon. Its miles-long body is wrapped around the royal palace in some obscene reptilian mockery of true majesty. Now the people of Dara Happa prepare to rise and throw off their draconic oppressors. This book deals with the region of Dara Happa in full, presenting new magic to wield and new cults to join, as well as laying out the region in previously-unseen detail. Games Masters wishing to set their campaigns in Dara Happa will find this an invaluable sourcebook, whether catering for rebellion plots or for adding realism to the methods of the oppressing Dragonspeakers. Players with EWF or Dara Happan characters will find a wealth of information regarding the region's customs and the lifestyles of its oppressed citizens.
