What You Should Know About the United States Constitution and the Bill of Rights

John Coleman

What You Should Know About the United States Constitution and the Bill of Rights John Coleman
A book like no other ever written about the U. S. Constitution and the Bill of Rights. The information it gives is not found in law books nor is it taught at prestigious law schools. The reason? Very few lawyers ever read the Annals of Congress, the Congressional Globe and Congressional Record, and thus they miss the most crucial evidence supporting the Constitution. Some of the most priceless constitutional gems are found in these pages. Dr. Coleman has done 26 years of research to find them, putting together a highly-readable book which provides insight into the articles and amendments to the Constitution. It shows their true intent and purpose in sharp relief, and what it is that makes this document so great and lasting. Each page contains a wealth of new and often previously untold information, alive with admiration for the wisdom of the Founding Fathers and anger toward politicians who treat this valuable gift with carelessness and gross indifference.
