BOOK #1:How to Live Well in a Small Space. 78 Small Space Ideas for Tiny House Living.

We all have to live with less space than we would ideally like. With increased urbanization, houses and apartments have become smaller and smaller, whilst at the same time, most people own more and more material possessions. This increased clutter can have several effects — not only is it stressful to live in an untidy and overwhelmingly ‘busy’ environment, it also runs the risk of possessions becoming damaged or lost. It can also become wasteful, since you may find yourself owning several copies of the same thing when you cannot find the original item.

We hope you will enjoy the tips on managing life in a small home. There is no need for a smaller space to feel cramped or insufficient; in fact, having less space around you can be the encouragement you need to live a more streamlined, low-maintenance life. You will find yourself buying less, enjoying what you already own more, and spending less time on your possessions. A neat, minimalist home takes only minutes to clean, leaving you with more time to enjoy your real passions in life!
