Students First. Bob Feldman's *Essentials of Understanding Psychology* guides students through Introductory Psychology concepts in an accessible manner, bringing comprehension of difficult material into the grasp of all students – because when students understand psychology, they learn psychology. The thoroughly revised Eighth Edition integrates a variety of elements that foster students' understanding of psychology and its impact on their everyday lives, including a new Neuroscience and Life feature, alerts to key topics, and study skills for specific concepts. This text also provides instructors with a fully integrated supplements package to objectively gauge their students' mastery of psychology's key principles and concepts and to create dynamic lectures.
