Gender in World History (Themes in World History)

Peter Stearns

Gender in World History (Themes in World History) Peter Stearns

From classical times to the twenty-first century, *Gender in World History* is a fascinating exploration of what happens to established ideas about men and women, and their roles, when different cultural systems come into contact. This book breaks new ground to facilitate a consistent approach to gender in a world history context.

This second edition has been completely updated, and now includes:

- expanded introductions to each chronological section
- extensive discussion of the twentieth century bringing it right up-to-date
- new chapters on international influences in the first half of the twentieth century and globalization in the latter part of the twentieth century
- engagement with the recent work done on gender history and theory.

With coverage right up to the present day, *Gender in World History* is essential reading for students of world history.
