## **My Country Versus Me: The First-Hand Account by the Los Alamos Scientist Who Was Falsely Accused of Being a Spy** Wen Ho Lee

Wen Ho Lee, a patriotic American scientist born in Taiwan, devoted most of his life to science and to helping improve U.S. defense capabilities at the Los Alamos National Laboratory. Then, in January of 1999, everything changed and he was accused of espionage by members of Congress and portrayed as the most dangerous traitor since the Rosenbergs. He was even told that their fate--execution--might well be his own. For the first time, Dr. Wen Ho Lee chronicles his experiences before, during, and after his imprisonment. He takes you inside Los Alamos, describes the false charges leveled against him, and tells how his career and life were threatened and his civil rights taken away. A riveting true story about prejudice, suspicion, and courage, *My Country Versus Me* is a vitally important book for our time.
