## **The Compleat Squash** Amy Goldman

Part gardening book, part "encounters with remarkable vegetables," Amy Goldman's *The Compleat Squash* unearths the personalities—yes, personalities—of the pumpkin and the squash. They are members in good standing in the horticultural hall of fame, and Goldman lovingly ponders their case histories and culinary merits both with common and uncommon varieties. She gets glorious help from award-winning photographer Victor Schrager, who brings out their eclectic beauty in more than 150 luminous color portraits. Growing, harvesting, and seed-saving instructions are included for the gardener, and for the cook a selection of recipes that show off the unique, lovely flavors of these versatile vegetables.
