Solving the Communion Enigma: What Is To Come Whitley Strieber

Now in paperback, the bestselling author of *Communion* revisits his groundbreaking work on alien abduction to explore the ultimate meaning behind today's increasing reports of UFO sightings, close encounters, alien implants, crop circles, animal mutilations – and what it means for our near-future.

In 1987 writer Whitley Strieber exposed the world to the truth about alien abduction in his landmark memoir, *Communion*. For the first time in years, Strieber revisits his encounter with alien intelligences-but now dramatically widens his search to explore how "the visitors" connect with today's persistent and globe-spanning reports of anomalous phenomena, such as crop circles, cattle mutilations, UFO sightings, alien abductions, near-death experiences, close encounters, and unexplained bodily implants.

In his magisterial style, Strieber contextualizes these bizarre and unsettling reports with his own childhood memories of strange schools, sinister experiments, and family secrets. In exploring today's most convincing cases of unexplained phenomena, Strieber reasons that they are not unrelated events. Nor are they the result of mass delusion. In some of his most persuasive writing, Strieber argues that the wave of mysterious episodes marks a transition that humanity is undergoing right now. Against all conscious understanding, we are experiencing a broadened awareness of dimensions of reality that exist beyond our current perceptions.
