The Pocket Paper Engineer, Volume 3: V-Folds: How to Make Pop-Ups Step-by-Step Carol Barton
Saving the best for last, this third installment in the crafty series highlights the spectacular V-fold, the most versatile and frequently used structure of the pop-up world. Basic V-fold construction is described in detail, demonstrating its many possible variations and making each project accessible through playful cards to detach, cut, and assemble. The most challenging of the array, this volume's activities build in complexity upon those illustrated in the first two books, covering accordion design and techniques for producing multiple pop-up copies. Whether producing a simple card for a friend or creating a complex sculptural page, this workbook is guaranteed to inspire and enlighten those who love to play, invent, and stretch the imagination.
