"Deb Forman's book is a welcome addition to my studio book shelf. The exercises provide the novice with valuable information on techniques and materials combined with the confidence to explore their own intuitive creative path. For the experienced artist the exercises offer an opportunity to engage with familiar painting mediums in fresh new ways. I would recommend this book both to novice artists just starting out and established artists seeking to reinvigorate their studio practice." - *Neal Walsh, Painter and Gallery Director at AS220*

"Deborah Forman is a fantastic teacher. She is able to bring her myriad talents to bear in the classroom by transmitting the joy and pleasure she takes in her own artistic practice to her students, who are at many different points in their own creative journeys. She is incredibly generous with her ideas, and honors the integrity of all of her students by encouraging experimentation, tenacity, and compassion as they develop their own skills as artists." - *Dr. Karen Carr, Humanities Professor, RISD*

"Deborah Forman's *Color Theory* course was inspiring, exciting and informative. She encouraged her students to push their experimentation with color to the limits which resulted in beautiful palettes that I never dreamed I could create. Overall, this class was a wonderful experience and gave me great insight as to which direction I want to take with my own artwork." - *former student*
