Marion Meade

The Unruly Life of Woody Allen Marion Meade

The first uncensored biography to investigate our era's most celebrated, distinctive, and confounding filmmaker reveals the controversial private life behind the iconic public persona.

After almost 40 years in the spotlight, as a comedian, author, director, amateur musician, and professional neurotic, Woody Allen is a living legend whose prolific achievements are all but unparalleled in cinematic history. To fans, his films have always represented a sort of ongoing autobiography, through which Woody bared his self-deprecating, over-analytical soul to the world. It was not until 1992, when his stormy private life turned into sensational headlines, that the cracks in the familiar persona began to appear. The lines separating art and fact, myth and reality, and public and private life became increasingly blurred.

The first book to answer all the lingering questions surrounding the "Woody-Mia Scandal", *The Unruly Life of Woody Allen* also investigates Woody's first two marriages and gets the inside scoop on the financing of his films. In the final analysis, it has a great deal to say about the cult of celebrity in America, how it is our own infatuation with the rich and famous that has made it possible for this supremely talented man to shrewdly manipulate both the media and the movie-going public.
